Located in New York’s original commercial hub, the Seaport District, The Rooftop at Pier 17® is one of New York City’s newest iconic venues. The 1.5-acre rooftop serves as a year-round community amenity and cultural and event space, transforming seasonally from a Winterland experience, complete with the city’s first open-air rooftop ice skating rink, to an outdoor performance venue which was recently named “Best New Concert Venue” by Pollstar. The Seaport District
has been an essential part of the city for over 300 years, and continues to function as a community anchor and “port of discovery” for the rapidly growing population of Lower Manhattan.
