

DARK DESCENT

The *Fall* details the intertwined lives of a serial killer hidden in plain sight and the detective desperate to catch him.

In her first lead role in an investigative series since *The X Files*, **Gillian Anderson** brings the same intelligence and depth of character to her portrayal of Stella Gibson, a successful, highly driven homicide detective. **Jamie Dornan** (*Once Upon A Time*, Sofia Coppola's *Marie Antoinette*) stars as Paul Spector, the ruthless serial predator she seeks. While chillingly hiding behind the façade of loving husband and father, Spector — who is revealed from the outset — is preying on women in and around Belfast. While the police are stalled in their investigation of these as yet unconnected murders, Gibson is drafted in to conduct a 28-day review on secondment from London's Metropolitan Police. Almost immediately, Gibson determines these heinous crimes are all linked to the same person. An outsider, she immediately feels a certain level of hostility from the local detectives — but Gibson understands the psychology of serial killers — and how to find them.

Under her lead, the team, including Archie Panjabi (*The Good Wife*) as pathologist Reed Smith, explores the case from every angle, uncovering an intricate web of lives entangled by the murders — including members of both the killers' and the victims' families.

Revealing how a modern, top level murder investigation team works when it comes up against every policeman's worst nightmare, ***The Fall*** is a rich and complex thriller. Gaining in intensity as the drama unfolds, this is a hunt that will challenge the investigative skills of Gibson and her team to the limit as they race to catch Spector — before he succeeds in killing his next victim. "***The Fall*** is an exercise in unexpectedness," wrote *The Guardian* in a review. "It's all rather brilliant."

SATURDAYS AT 9:30PM BEGINNING JANUARY 8

PRESERVING DEMOCRACY

Explore the ebbs and flows of democracy, both in the U.S. and abroad. With observations from established voices, such as Eric Foner, Jelani Cobb, and Fiona Hill, and a new generation of diverse storytellers, like Alexis Coe, Mutale Nkonde and Ramesh Ponnuru, ***Preserving Democracy: Pursuing a More Perfect Union*** traces the pursuit of democracy from the American Revolution and rebellions through the Civil War, civil rights movement and recurring cycles of progress and backlash across the decades, such as the deadly riot Jan. 6, 2021 at the Capitol. The film also looks to the present and future, including shifting voter rights and rules as well as the role of a civics curriculum in education to foster and maintain engaged and informed citizens.

PREMIERES SUNDAY, JANUARY 9 AT 7:30PM
